Objective

Senior Front-End Developer with a passion for crafting high-performance, scalable applications using React and modern UI frameworks, dedicated to delivering exceptional user experiences and optimized web solutions.

Profile

- Results-driven Senior Frontend Developer with 5+ years of experience in building dynamic, user-centric applications using React and TypeScript.
- Proven expertise in performance optimization and scalable architecture, ensuring seamless user experiences.
- Strong collaborator with cross-functional teams, aligning technical execution with business objectives to drive product success.

Education

Bachelor of Technology in Computer Science

National Institute of Technology, Bhopal | 2016

Technical Skills

- Frontend Programming Languages: **JavaScript, TypeScript, HTML, CSS**
- Frontend Frameworks & Libraries: **React, Next.js, Redux**
- State Management: Redux, Context API
- UI & Styling: CSS, SCSS, Bootstrap, Material-UI, Ant Design
- Build Tools & Bundlers: Webpack, Babel
- Testing Frameworks: Jest, React Testing Library
- Backend & APIs: Node.js (Express.js for proxy servers)

Work Experience

Senior Software Engineer

Accolite Digital (Client: Flipkart) | September 2021 – Present

- Architected and migrated legacy applications to React and Next.js, enhancing performance, scalability, and maintainability.
- Developed and optimized key features for Flipkart's Seller Portal, Mobile App, and Desktop Application, improving usability and conversion rates.
- Enhanced the Listing Module with bulk uploads and catalog editing, reducing errors by 30% and improving seller convenience.
- Revamped Flipkart's Payment Page UI/UX, delivering a seamless, high-converting transaction experience.
- Refactored Frodo (Manual QC Tool) by migrating it from Ruby on Rails to React, improving scalability and maintainability.

- Implemented CI/CD pipelines for faster deployment and improved security using Node.js Proxy Server.
- Led front end optimization efforts, improving Lighthouse performance scores by 40%.
- Collaborated with cross-functional teams, provided mentorship to junior developers, and contributed to technical decision-making.

Software Engineer

EasyEat | March 2021 – September 2021

- Migrated the application from PHP to React, boosting page load speed and performance by 50%.
- Optimized UI/UX workflows, enhancing the FoodCourt module for a more intuitive and engaging user experience.
- Implemented responsive design principles, ensuring optimal performance across various devices and screen sizes.
- Fixed high-priority production bugs, optimizing React rendering performance and improving Lighthouse Stats for better accessibility and SEO.
- Collaborated with the design team to create visually appealing and user-friendly interfaces, resulting in a 20% increase in user engagement.
- Conducted user testing and gathered feedback to iterate on design improvements, ensuring alignment with user needs.
- Participated in Agile ceremonies, contributing to sprint planning and retrospectives to enhance team efficiency and productivity.

Software Engineer

Philips Innovation Campus | June 2016 – January 2018

- Engineered and enhanced medical imaging features like DICOM6000, Reference/Scout Lines, and Visible Light Plugin for PACS Anywhere Viewer.
- Optimized rendering performance and ensured cross-browser compatibility for medical imaging applications, improving user accessibility.
- Maintained high code quality through rigorous testing, code reviews, and performance analysis, leading to a 30% reduction in defects post-deployment.
- Collaborated with cross-functional teams to integrate new features into existing workflows, ensuring seamless transitions and improved user experiences.
- Contributed to technical documentation, improving knowledge sharing within the team and providing clear guidelines for future development.
- Participated in training sessions for new developers, sharing best practices and fostering a culture of continuous improvement.

Certifications

- React Development Certification(Udemy)
- TypeScript Development Certification(Udemy)
- JavaScript Development Certification(Udemy)
